GARBAGE FILE

mess with the best,
die like the rest

```
tail -f /analysis/forensic_audit.log
python3 /opt/volatility3-2.20.0/vol.py
resolving PDB symbols... OK
sleuthkit fls -r -m / /cases/srl/base-rd01-cdrive.E01
psort.py crunching timelines... read-only
E01 mount verified
alias ready="echo "first to the k
```

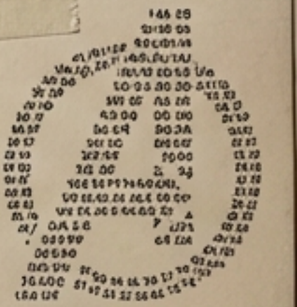
EVIDENCE MODE: STRICT READ-ONLY (Chain of Custody)

CONSTRAINTS: ZERO HALLUCINATIONS. DETERMINISTIC EXECUTION.

TARGET: SHIELDBASE / 172.16.6.12

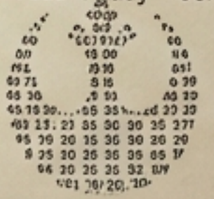
STATUS: HUNTING STUN.exe

```
rule avengers {
    strings: $a = "assemble"
    condition: $a
}
```



```
tail -f /ana[illegible]nsic_audit.log
python3 /opt/[illegible]-2.20.0/vol.py
resolving PDB symbols
OK
sleuthkit fls -r [illegible]
OK
/cases/s[illegible]drive.E0
psort.py [illegible] read-o
E01 mount verified
alias ready="echo "first to the key!""
```

I AM IRON MAN...
AND I HAVE SUDO PRIVILEGES



many bothans
died to get us
this memory dump
